"Jointly issued by Sri B. T. Ranadive, President

of C.I.T.U."

"On behalf of the Centre of Indian Trade Unions, we express our deep sense of sorrow at the unprecedented destruction suffered by the people of East Pakistan due to natural calamity with loss of life unimaginable in magnitude, not witnessed by human civilisation during this century.

At this hour the heart of Indian workers throbs in pains and on their behalf we convey our warm sympathy and reiterate our fraternity with the people of Pakistan.

We urge upon the Government of India to extend all co-operation to the people of Pakistan in helping them to recover the loss and damage.

We also request the Deputy High Commissioner for Pakistan in Calcutta to convey our message of sympathy and fraternity to the people of Pakistan."

The CITU also welcomes the fact that several political parties are joining their support to this mass action. The spirit of unity and fighting mood in the masses is an invincible force before which the present rulers of West Bengal will have to retreat. The CITU calls for favour of publication/Circulation.
